**Appendix 2: Public Interpretation Leaflet**

**Appendix 3: Artefact Catalogue**

## **Appendix 1: Lists – Context, Photographs, Pollen and Soil Samples**

## Context List

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4801	A	Fill	Machine excavation and clean up.		20/11/04	7								
4802	A	Fill - demolition fill	Demo fill of cellar/ brick pit, ss brick frags, plaster and brown/red sand.	Pit seems to be irreg in shape. Located at west end of TT1.	20/11/04	5								
4803	A	Fill of 4824, 4825	Fill of rec feature southwest of brick and sstone walls. Dark brown-grey sand with slate and stone.	Timber lined pit.	25/11/04	3 or 4	4824			4825			6	5
4804	A	Fill - pit 4817	Sandy with charred wood remains, dark grey-brown.		20/1104	3.2 or 4.1	4817	4801		4817				
4805	A	Fill - demolition fill	From brick and sstone feature, charred wood frags and yellow mortar.		20/1104	5	4837	4823						
4806	A	Fill - pit	Grey sandy deposit in oval pit east of brick structure.	Modern pit which was abandoned, asbestos.	22/11/04	6.1 or 6.2		4801						
4807	A	Cut - postpipe	Irreg in shape post in sw corner, 190x100x80mm		23/11/04	3.2 or 4.1	4804	4810						
4808	A	Fill in post-pipe	Dark black-brown, organic fill no artefacts.	Fill may be decomposed post.	23/11/04	3.2 or 4.1	4807	4801						
4809	A	Cut - posthole	Rectangular posthole with postpipe in sw corner, 360x260x80mm.		23/11/04	3.2 or 4.1	4810	4808						
4810	A	Fill - posthole	Dark fill small specks charred wood, no artefacts.		23/11/04	3.2 or 4.1	4807	4801		4809				
4811	A	Cut - postpipe	160x110mm, contained a post.		23/11/04	3.2 or 4.1					4812			
4812	A	Post within 4811	Rec woden post remains 220x110mm.	No artefacts.	23/11/04	3.2 or 4.1								
4813	A	Cut - posthole	Rectangular cut, 500x470x200mm		23/11/04	3.2 or 4.1		4814						
4814	A	Fill of 4813	Dark grey sand some organic material.	No artefacts.	23/11/04	3.2 or 4.1	4813							
4815	B	Fill of 4816	Grey-brown sandy silt, occ charcoal flecks, ss brick frags.	Rubbish pit?	23/11/04	3.2	4816			4816				
4816	B	Cut - pit	Rec cut, vertical sides, base sloping towards centre, 2000x1000x300mm.	Spade marks visible in base, from where pit originally excavated.	23/11/04	3.2	4818	4815			4815			
4817	A	Cut for 4804	Large rectilinear cut, rounded base. 2380x1300x350mm.	Cut by 2 postholes 4809 and 4813.	23/11/04						4804			
4818	B	Fill of cut 4820	Layers of charcaol flecked orange brown or buff brown sandy silt, crushed shell and ss brick inclusions. 400mm deep.	Various laminated fills of pit, suggesting pit inuse for some time.	23/11/04	3.2	4819	4816		4820			1	4

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4819	B	Fill below 4818	Grey clayey sandy silt, charc flecks, ss brick frags, thin layers at base. 5-200mm deep.	Base fill of cut 4820.	23/11/04	3.2	4820	4818		4820			2	3
4820	B	Cut - pit	Top is sub-circular base is square, sloping sides steeper towards base. Base uneven.		23/11/04	3.2		4819						
4821	A	Cut	Oval shape, sloping sides, rounded base. 1530x1100x760mm.		23/11/04	6 or 7		4822						
4822	A	Fill of 4821	Dark grey brown sand, small charcoal flecks <50mm. Top 100mm rubbly demo fill.	Fill half sectioned, few artefacts.	23/11/04	6 or 7	4821	4801		4821				
4823	A	Deposit	Black-grey sand and rubble unevenly laid across top of rubble associated with brick structure.	Upcast and spread material from modern foundation trenches	24/11/04	6.1		4801						
4824	A	Cut	Rectangular shape, 1809x1206mm.		24/11/04	3.2 or 4.1		4825			4803, 4825			
4825	A	Structure	Timber lined pit with vertical timber frames.		24/11/04	3.2 or 4.1	4824	4803						
4826	A	Fill - trench 5046	Dark grey-brown fil burnt wood frags throughout.	Possibly a disturbed wall trench.	8/12/04	3.2	5046	4801		5046				
4827	B	Fill of 4828	Assorted demolition-like fills. 1) buff brown sandy mortar with shell temper and sandstock bricks. 2) grey sandy silt with mortar and brick frags.	Frag of mortar kept as sample	xx/11/04	5?	4828			4828				
4828	B	Cut	Rectangular pit cut. Break slope top and base = sharp. Sides = vertical. Base = flat-undulating.	Fill with demolition fill of Hassall's house? Possible earlier pit emptied as good garden soil (4831?) and refilled with demo fill?	xx/11/04	5?	4829	4827			4827			
4829	B	Fill of 4830	Mottled buff brown with grey brown sandy silt lenses (remains 4831). Redeposited natural sand. Very few inclusions. Very occasional s.s. brick frags.		xx/11/04	4?	4830	4828	4828		4830			
4830	B	Cut	Rectangular pit cut. Break slope top and base = sharp. Sides = vertical. Base = flat-undulating.		xx/11/04	4?	4831	4829			4829			
4831	B	Fill of 4832	Dark grey brown sandy silt. Few inclusions-occ. Sandstock brick frag and very occ. charcoal flecks.	Artefacts inc frag of lead glaze and creamware. Few artefacts-only 5 sherds!	xx/11/04	3.2?	4832	4830	4830	4832				

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4832	B	Cut	Rectangular cut. Breakslope top and base = sharp. Sides = vertical. Base = flat-undulating.		xx/11/04	3.2?	4833	4831			4831			
4833	B	Fill of 4834	Pale grey sandy silt. Medium large grains of sand. Some charcoal flecks.		11/26/04	3.2?	4834	4832	4832	4834				
4834	A	Fill	Excavated tree root.			3.2 or 4.1							36	35
4835	A	Fill	Excavated tree root.			3.2 or 4.1							38	37
4836		<b>NOT USED</b>												
4837	A	Demolition Fill above 4838	Dark brown black deposit below demolition fill, similar to topsoil, brick and stone and wood frags.	Different to demo 4805. Is within structure 4914.	27/11/04	5	4838	4805						
4838	A	Fill below 4837	Compact yellow demo fill.	Possibly associated with demolition of brick structure.		5		4837						
4839	A	Fill - posthole	Patch grey-brown mix of sand.	Minimal artefacts		3.2 or 4.1	4840	4842						
4840	A	Cut - posthole	Grey brown sandy mix, 406x207x402mm.			6.1		4839						
4841	A	Fill - postpipe	Greyish brown sandy mix 303x204x404mm.	Minimal artefacts		6.1	4842	4801		4842				
4842	A	Cut - postpipe	Greyish brown sandy mix 303x204x404mm.			6.1	4839	4841			4841			
4843	B	Fill of 4845	Various tip layers-sloping down to North. Grey brown sandy silt, buff sands and grey sandy silt. Charcoal inclusions throughout. Occ S.S. brick frags. S.S. brick grits throughout.	Fill is fairly moist.			4845	4801		4845				
4844	B	Fill	Buff grey brown sandy silt. Sandy patches. Whole-frags SS brick(2 bricks kept as sample). Charcoal flecks.	Fill is damp/wet.			4864	4845	4845	4846				
4845	B	Cut	Rectangular in plan. Breakslope on top = sharp. Bottom = gradual. Sides =slightly concave curving into base. Base = uneven.	Rectangular pit cut.			4844	4843			4843			
4846	B	Structure	Timber lining of pit cut 4846.	Cesspit? Storage pit? Cold storage?			4847	4864		4847	4845/4864			
4847	B	Cut	Rectilinear cut. Vertical sides. Uneven base. Has deeper channel/slot cut around edge for timber frame 4844.					4846			4846/4864/4844			

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4848	A	Fill - posthole 4849	Grey brown sand mix with brick frags 10-80mm.			6.1	4849	4801		4849				
4849	A	Cut - posthole	Grey brown sand mix, 106mm x 302mm deep.			6.1		4848			4848			
4850	A	Fill - postpipe	Light to dark sand, shell mortar. Concrete 70mm.			6.1	4849	4801						
4851	A	Cut - postpipe	Grey-brown sand mix.				4849	4850			4850			
4852	A	Fill - posthole 4853	Brown sand mix with grey patches throughout., 900x605x90mm.			6.1	4855	4853		4853				
4853	A	Cut - posthole	Brown sand mix with grey patches throughout., 900x605x90mm.			6.1	4852				4852			
4854	A	Fill - postpipe	Greyish brown sand mix.			6.1		4855		4855				
4855	A	Cut - postpipe	Greyish brown sand mix, width 202mm x depth 600mm.			6.1	5854	4852			4854			
4856	A	Fill - postpipe	Sandy soft light brown to dark brown organic fill, charcoal flecks.	Grey mortar frags in fill after post pulled out.		3.1	4857	4801		4857				
4857	A	Cut - postpipe				3.1					4856			
4858	A	Fill - posthole	Mix of natural light red/yellow and brown organic sand (topsoil).		1/12/04	pre 3.1	4859	4857		4859				
4859	A	Cut - posthole			1/12/04	pre 3.1		4858			4858			
4860	A	Fill - postpipe	Brown organic sand (decayed timber) some small pieces of grey clay.	Pre Hassal House.		pre 3.1	4861			4861				
4861	A	Cut - postpipe				pre 3.1	4862	4860			4860			
4862	A	Fill posthole	Mixed natural reddish/yellow sand and organic brown sand (topsoil).			pre 3.1	4863	4861		4863				
4863	A	Cut - posthole		Row of postholes on either side of deep circular feature, spaced 1.2m. Maybe cover over well.		pre 3.1		4862			4862			
4864	B													
4865	A	Fill - wall trench	Grey clay mortar, ss brick frags, brown sand, dp brick and cement render frags.	RTA trench fill.		8	4866			4866				
4866	A	Cut - wall trench	Cut for wall trench 4865.			7		4865			4865			
4867	A	Fill - postpipe	Brown organic sand some specks of grey clay mortar.	Grey clay from when posts were removed.		3.1				4868				
4868	A	Cut - postpipe				pre 3.1	4869	4867			4867			

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4869	A	Fill - posthole	Mottled reddish/yellow brown sand one sand stone frag.		2/12/04	pre 3.1	4870	4868		4870				
4870	A	Cut - posthole			2/12/04	pre 3.1		4869			4869			
4871	A	Fill - postpipe	Brown organic sand some frags of grey clay mortar.			pre 3.1	4872	4801		4872				
4872	A	Cut - postpipe				pre 3.1	4873	4871			4871			
4873	A	Fill - posthole	Mottled yellow/reddish and brown sand (topsoil and natural).			pre 3.1	4874	4872		4874				
4874	A	Cut - posthole				pre 3.1		4873			4873			
4875	A	Cut - posthole	Round shaped cut 430mm in diameter.		29/11/04	pre 3.1		4876			4876			
4876	A	Fill of 4875	Light brown sand no inclusions.		29/11/04	pre 3.1	4875	4877		4875				
4877	A	Cut - postpipe	Round shaped cut for postpipe.		29/11/04	pre 3.1	4876	4878			4878			
4878	A	Fill - postpipe	Dark brown loamy sand, some organic content.		29/11/04	pre 3.1	4877	4801		4877				
4879	A	Cut - posthole	Circular cut.		29/11/04	pre 3.1		4880			4880			
4880	A	Fill - posthole	Sandy light reddish brown, some dark brown patches.		29/11/04	pre 3.1	4879	4881		4879				
4881	A	Cut - postpipe	Circular, 170x150x130mm.		29/11/04	pre 3.1	4880	4882			4882			
4882	A	Fill - postpipe	Light grey colour sandy texture.		29/11/04	pre 3.1	4881	4801		4881				
4883	A	Cut - posthole	Square shape.		29/11/04	pre 3.1		4884			4884			
4884	A	Fill - posthole	Lose fine sandy texture, red brown in colour, darker brow patches.		29/11/04	pre 3.1	4883	4885		4883				
4885	A	Cut - postpipe	150mm in diameter, 300mm deep.		29/11/04	pre 3.1	4884	4886			4886			
4886	A	Fill - postpipe	Dark brown loamy fill, fine texture, lose contained some ashy deposits.		29/11/04	pre 3.1	4885	4801		4885				
4887	A	Cut - posthole	Squarish, oval shape.	From demo. of Hassal house.	29/11/04	pre 3.1		4888			4888			
4888	A	Fill - posthole	Dark grey firm soil and red/brown sand.	In line with other pre 3.1 postholes.	29/11/04	pre 3.1	4887			4887				
4889	A	Cut - posthole	Square shaped cut.	Cut by 4887 on the north side.	29/11/04	pre 3.1		4890			4890			
4890	A	Fill - posthole	Mottled mix sandy loam, coal specks, ss bricks, 130mm deep.		29/11/04	pre 3.1	4889	4891		4889				
4891	A	Cut - postpipe	Small oval cut, 150x110x110mm.		29/11/04	pre 3.1	4890	4892			4892			
4892	A	Fill - postpipe	Soft, loose, dark brown loamy soil, some sand.		29/11/04	pre 3.1	4891	4801		4891				
4893	A	Cut - pit	Rectangular pit, slightly curved on west side.	Later than 4895 but earlier than 4899.	29/11/04	6		4894			4894			

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4894	A	Fill - pit 4893	Red-grey mottled soil, firmly packed, inclusions of coal, small stones and ss brick frags.		29/11/04	6	4893			4893				
4895	A	Cut - posthole	Straight on south side, curved on east and west.	Cut by 4893	29/11/04	pre 3.1		4896	4893		4896			
4896	A	Fill - posthole	Soft, loose red-brown sand, contained some roots.		30/11/04	pre 3.1	4895	4897		4895				
4897	A	Cut - postpipe	Oval shape, 250x180x300mm.		30/11/04	pre 3.1	4896	4898	4893		4898			
4898	A	Fill - postpipe	Soft, fine dark brown fill, mostly sand, some loam.		30/11/04	pre 3.1	4897	4801		4897				
4899	A	Cut - posthole	Sq shape, east of 4895 and 4893.	Post not in alignment with other known postpipes.	30/11/04	pre 3.1		4898			4900			
4900	A	Fill - posthole	Red-brown sand fine in texture.		30/11/04	pre 3.1	4899			4899				
4901	A	Cut - postpipe	Oval shaped cut on a nw/se axis.		30/11/04	pre 3.1	4900	4901			4902			
4902	A	Fill - postpipe	Dark brown sand some loam, very soft.	Fill was very shallow and not in alignment with other postholes.	30/11/04	pre 3.1	4901	4801		4901				
4903	A	Cut	Square cut, 310x310x60mm.	May have been a posthole but very shallow.	30/11/04	pre 3.1		4904			4904			
4904	A	Fill of 4903	Buff sand mottled with darker brown sand, grey on surface only.	Maybe contaminated fill of an old shallow posthole.	30/11/04	pre 3.1	4903			4903				
4905	A	Cut - posthole	Circular cut, north side is straight.		1/12/04	pre 3.1		4906			4906			
4906	A	Fill of 4905	Red-brown sand mottled with dark brown sand, fine texture crumbles easily.	In alignment with the other earlier ostholes.	1/12/04	pre 3.1	4905	4907		4905				
4907	A	Cut - postpipe	Circular postpipe cut, 170x150x260mm.		1/12/04	pre 3.1	4906	4908			4908			
4908	A	Fill of 4907	Dark brown laomy, soft, fine texture.	No artefacts.	1/12/04	pre 3.1				4907				
4909	A	Cut - posthole	Near rectangular shape.	Initial observation indicated a posthole cut.	1/12/04	6		4910			4910			
4910	A	Fill of post hole 4909	Grey mottle dsoil mixed with red/brown sand, firm sandy texture. Softer area indicated a postpipe.	Fill contained brick frags - post Hassal.	1/12/04	6	4909	4911		4909				
4911	A	Cut - postpipe	Oval shaped cut, 300x160x60mm.	Initial indication was that it was a postpipe.	1/12/04	6	4910	4916			4916			

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4912	A	Fill - wall trench	Trench appears in several areas mainly running north and west. 270-400mm wide. Compact rubble fill brick and mortar frags, 250mm deep.	Some artefacts present on surface.	1/12/04	5	5078	4801		5078				
4913	A	Structure: fireplace of eastern building	6 large stones and 9 fragmented bricks, at least 5 courses of stones beneath the top layer. No mortar, bricks appear reused.	Possibly a fireplace associated with interior of the building represented by wall trench 4912.	1/12/04	3.2								
4914	A	Structure - brick	Square horseshoe shape, 7 courses deep. Bricks all lying flat. Orange mortar appears fired.	Burnt material at north end suggests structure may have been an incinerator.	1/12/04	3.2								
4915	A	Structure - stone	Flat pieces of sandstone placed on top of each other to create a wall. * courses deep on places.	May be associated with 4914, both have similar black burnt fill.	1/12/04	3.2								
4916	A	Fill of 4911	Dark brown mottled loamy sand, mixed with red/brown sand.		1/12/04	6	4911	4801		4911				
4917	A	Cut - pit	Rectangular shaped shallow pit, 760x410x90mm.		1/12/04	6		4918			4918			
4918	A	Fill of 4917	Grey mottled fill on surface, more red-brown mottled sand with depth, ss brick inclusions.		1/12/04	6	4917			4917				
4919	A	Cut - posthole	Almost square cut, 540x490mm.		1/12/04	7		4920			4920			
4920	A	Fill of 4919		Not a posthole.	1/12/04	7	4919	4921		4919				
4921	A	Cut - postpipe		Not a postpipe.	1/12/04	7	4920							
4922	A	Fill of 4921		Not a postpipe.	1/12/04	7								
4923	A	Structure - brick	Brick structure west of 4914. Bricks laid flat eastern corner shows sign of a return. Yellow sand mortar (same as 4914).	May be small outbuilding associated with 4914/ 5078.	2/12/04	3.2		4801						
4924	A	Fill of 4925	Dark brown-grey with small inclusion of mortar and demo rubble, inc brick rubble.	Not excavated may be contemporary with 4914, 4923.	2/12/04	5	4925	4801		4925				
4925	A	Cut - trench	Rectangular on surface, runs parallel to 4923, rounded base.	May have been made during construction of 4914 or 4923.	2/12/04	3.2		4924			4924			
4926	A	Cut - pit	Square shaped cut with a smaller sq at southern side.	Not a posthole.	2/12/04	6		4927			4927			
4927	A	Fill of 4926	Buff/grey mottled sand, slightly loamy, charc frags and ss brick frags.		2/12/04	6	4926			4926				

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4928	A	Cut - pit	Square shallow pit with another sq attached to ne corner.	Not a posthole.	2/12/04	6		4929			4929			
4929	A	Fill of 4928	Buff/grey mottled fine sand, some grey clumps and charcoal flecks.		2/12/04	6	4928			4928				
4930	A	Cut - posthole	Almost circular shape.	Probably post Hassal due to presence of grey sand mortar.	2/12/04	6		4931			4931			
4931	A	Fill of 4930	Grey/buff mottled soil, fine texture, sandy crumbly.	No artefacts.	2/12/04	6	4930			4930				
4932	A	Cut - postpipe	Circular cut, 170mm diameter, 200mm deep.		2/12/04	6	4931	4933			4933			
4933	A	Fill of 4932	Fine textured loamy sand, dark brown colour, some plaster frags, 1 ss brick frag.		2/12/04	6	4932	4801		4932				
4934	A	Cut - posthole	Square shaped cut, slightly circular sw corner.		2/12/04	6		4935			4935			
4935	A	Fill of 4934	Grey/buff mottled sandy, crumbly soil.	Postpipe in sw corner.	2/12/04	6	4934	4936		4934				
4936	A	Cut - postpipe	Circular cut, 120mm diameter x 200mm deep.	Only became clear after excavating 50mm.	2/12/04	6	4935	4937			4937			
4937	A	Fill of 4936	Dark grey firm soil, less sandy, clumpy and sticky in texture.	Different fill to many of the other postpipes.	2/12/04	6	4936	4810		4936				
4938	A	Cut - posthole	Rectangular shaped cut.		2/12/04	6		4939			4939			
4939	A	Fill of 4938	Grey/buff mottled sand, dark brown sand patches, fine texture.	Few artefacts.	2/12/04	6	4938	4940		4938				
4940	A	Cut - postpipe	Oval shaped cut, 170x100x120mm		2/12/04	6	4938	4941			4941			
4941	A	Fill of 4940	Loosely packed sand, finer in texture than 4939, loamy contains remnants of timber post.		2/12/04	6	4940	4801		4940				
4942	A	Cut - posthole	Small square shaped cut.		2/12/04	6		4943			4943			
4943	A	Fill of 4942	Dark grey/brown and buff mottled sand, fine and crumbly texture.		2/12/04	6	4942	4944		4942				
4944	A	Cut - postpipe	Small circular cut, 130x110x170mm.	Does not appear to be in relation with other postpipes.	2/12/04	6	4943	4945			4945			
4945	A	Fill of 4944	Dark grey sandy soil, looser than packing fill, loamy.	No artefacts.	2/12/04	6	4944	4801		4944				
4946	A	Cut - posthole	Small square cut.		2/12/04	6		4947			4947			

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4947	A	Fill of 4946	Dark grey brown and buff mottled sand, fine texture, crumbly.	No artefacts.	2/12/04	6	4946	4948		4946				
4948	A	Cut - postpipe	Small circular cut, 140x110x150mm		2/12/04	6	4947	4977			4977			
4949	A	Fill - pit	Greyish brown sand with grey mortar base across base 10mm thick.	Pit consists of brick and stone offcuts.		6	4960			4960				
4950	A	Fill - posthole	Brownish sand mix with grey patches.	Cuts in to circular pit (former well).		6	4951	4953		4951				
4951	A	Cut - posthole				6		4950			4950			
4952	A	Fill - postpipe	Brownish sand mix with grey patches.			6	4953							
4953	A	Cut - postpipe	100x100x110mm				4951	4952						
4954	B	Fill of 4955	Brown compact fine sands. Occasional SS Stock brick frags and 4 large sandstone frags.				4955	4847	4847	4955				
4955	B	Cut	Sub-circular cut. Sides sloping in towards base.				5015	4954			4954			
4956	A	Fill - postpipe	Brown organic sand some specks of grey clay mortar, brick and s stone frags.	May be part of pre Hassal structure.		pre 3.1	4957			4957				
4957	A	Cut - postpipe				pre 3.1	4958	4956			4956			
4958	A	Fill - posthole	Mottled brown reddish/yellow sand.		2/12/04	pre 3.1	4959	4957		4959

4995	A	Cut - postpipe			3/12/04	6	4996	4994			4994			
4996	A	Fill - posthole	Brown and reddish mottled sand, some traces of grey clay mortar, charcoal specks.		3/12/04	6	4997	4995		4997				
4997	A	Cut - posthole		Twentieth century housing/boundary fence.	3/12/04	6		4996			4996			
4998	A	Cut - pit	Square cut, 450x370x60mm.	Shallow pit possibly bottom of posthole, part of boundary fenceline.	3/12/04	6		4999			4999			

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
4999	A	Fill of 4998	Dark grey buff mottled sand, firm, charcoal flecks, decomposed organic matter.		3/12/04	6	4998	4801		4998				
5000	B	Fill of 5001	Pale grey sandy fill with natural buff sand mottling. Occ charcoal flecks. C. 5% SS brick frags. Laminated buff sandy layers at base.	Many artefacts. A lot of butchered bone.			5001			5001				
5001	B	Cut	Rectilinear in plan. Vertical-slightly undercut sides. Stepped base into deeper central portion of pit.				5017	5000			5000			
5002	A	Fill - posthole	Greyish brown sand.	No artefacts.		6	5003			5003				
5003	A	Cut - posthole	508x406x50mm			6		5002			5002			
5004	A	Fill - postpipe	Greyish brown sandy mix.			6	5005	5003		5005				
5005	A	Cut - postpipe	205x150x60mm.			6		5006			5004			
5006	A	Fill - posthole	Greyish brown sandy mix.			6	5007			5007				
5007	A	Cut - posthole	200x120x50mm			6		5006			5006			
5008	A	Fill - postpipe	Greyish brown sandy mix.			6	5009			5009				
5009	A	Cut - postpipe	200 x 120 x 50mm.			6		5008			5008			
5010	A	Fill - postpipe	Dark brown sandy fill, charcoal flecks.	Post Hassal house.	6/12/04	6	5011	4801		5011				
5011	A	Cut - postpipe			6/12/04	6	5012	5010			5010			
5012	A	Fill - posthole	Mixed dark brown and reddish brown, grey clayish mortar, sandstone frags.			6	5013			5013				
5013	A	Cut - posthole				6		5012			5012			
5014	A	Deposit	Black burnt deposit on southern side of brick structure, sandy, contained organic matter, 50-100mm deep.	Quite a lot of root disturbance in sw corner.		3.2 or 4.1								
5015	B	Fill	Medium grain sandy fill. Various layers = grey brown/brown/buff/grey. Few inclusions. Occasional charcoal. Occ SS brick frags and grits.	Not fully excavated. Finds include early Chinese. Few finds for amount of fill. Many sherds of same vessel.			5016	4955	4830/4955	5016				
5016	B	Cut	Irregular shaped cut at top. Base plan more regular-rectilinear. Sides slope in slightly. Base uneven.					5015			5015			
5017	B	Fill of 5018	Grey/brown sandy silt with very slight clay content. Charcoal flecks. SS brick frags and artefacts.	Fill 1/2 sectioned. Very few butchered bones-unlike pit 5000-5001 adjacent.			5018	5001	5001	5018				

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
5053	B	Fill - of 5054	Mottled grey brown sandy mix, 2.2m x 1.3m x 450mm.			3.2 or 4.1	5054			5054				
5054	B	Cut - pit	Oval shaped pit/cut.			3.2 or 4.1		5053			5053			
5055	B	Fill	Brown black sandy fill.	Pit was under driveway and machine excavated.	10/12/04	3.2 or 4.1								
5056	B	Fill - pit	layered brown red-yellow sand, ss bricks.	Storage pit.		3.2 or 4.1	5057			5058				
5057	B	Structure - floor	Sandstock brick floor in pit.			3.2 or 4.1	5058	5056						
5058	B	Cut - pit				3.2 or 4.1		5057			5056			
5059	B	Fill of 5061	Greyish brown sandy mix.		13/12/04	3.2 or 4.1	5060							
5060	B	Structure - brick	Brick base/floor, ss bricks laid flat end to end.		13/12/04	3.2 or 4.1	5061	5059						
5061	B	Cut	Rectangular cut with oval cut on east end.		13/12/04	3.2 or 4.1								
5062	B	Fill of 5063	Dark grey and reddish brown sand mixed, few artefacts.	Half of cut 5063 excavated, e/w/section.	13/12/04	3.2 or 4.1	5063							
5063	B	Cut	Rectangular shaped cut, curved on southern end.		13/12/04	3.2 or 4.1		5062						
5064	A	Topsoil	Remnant topsoil, dark brown 'organic' sand some charcoal and brick specks.		11/12/04	3.2 or 4.1						5045?		
5065	A	Deposit/Structure in cellar	Mixture of grey clay mortar and brown sand.	Bedding for cellar, siltstone paving.		3.1		5044						
5066	A	Topsoil / A2	Dark reddish brown sand, some charcoal specks.	Inside centre building.		2 or 1								
5067	A/B	Unstratified finds				8								
5068	B	Cut - pit	Cut appears quite irregular, may be series of cuts cutting each other.	No artefacts.	13/12/04	3.2 or 4.1		5069						
5069	B	Structure - floor	Bricks and shale stone floor of pit laid irregularly	Brick floor is very uneven.	13/12/04	3.2 or 4.1	5068	5070						
5070	B	Fill - cleaning	Cleaning of rec pit.		14/12/04	3.2 or 4.1						5075		
5071	A	Fill of 5072	Soft dark grey brown sand, lots of charcoal and burnt wood.	Contained lots of oyster shells.	11/12/04	6	5072			5072				
5072	A	Cut - pit	Shallow sub-circular pit, shallower west side.		11/12/04	6		5071			5071			
5073	B	Cut - pit	Cut for rec pit 5070. Overlying another rec cut 5076.	Cuts 5076/5077	14/12/04	3.2 or 4.1	5077	5074						
5074	B	Fill of 5073	Dark brown/grey soil, rubble fill, brick frags, deeper at northern end.	Appeared to be rubbish pit.	14/12/04	3.2 or 4.1	5073	5070		5073				

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
5075	B	Fill of 5068	Dark red brown sand, inclusions of burnt material.	Bricks may be covering a large pit?	13/12/04	3.2 or 4.1	5069			5068				
5076	B	Cut - pit	Rectangular pit underlying 5073.		14/12/04	3.2 or 4.1		5077	5073					
5077	B	Fill of 5076	Top 50mm same as 5070, it is darker on top getting lighter and cleaner with depth same as 5077.		14/12/04	3.2 or 4.1	5076	5073		5076				
5078	A	Cut - trench	Bottom of robbed foundation trench.	Structure was built during Hassal house occupation according to plans in report.	28/10/05	3.2		4912						
5079	A	Cut - drain	Cut for drain 5038.					5038						
5080	A	Fill - of well	Light mottled sand grey buff/brown, darker in bottom meter where also a small selection of artefacts were retrieved + some timber.	Mostly filled with clean material, refilled. Combine with earlier given no. 4835.	28/2/05	5	5081					4835		
5081	A	Structure - well	SS brick well, flat small ss bricks (200x100x60mm), single brick in stretcher bond, every other course header bond.		28/2/05	3.1		5080				4836		
5082	A	Fill - well trench	Greyish brown mottled sand/clayey sand, grey clay frags in bottom of well.	Fill between cut 5083 and structure 5081.	28/2/05	3.1								
5083	A	Cut - well	Cut for well construction. 2.5m wide in upper regions probably due to collapse.	Cut in lower area wider than structure 5083.	28/2/05	3.1								
5084	B	Structure	Impression of timber beam/bearer and possible remains of a brick pier. 3 bricks high.			3.2								
5085	B	Cut	Cut for 5084			3.2	5085							
5086	A	Cut - cellar	Cut not clearly visible as area ceared by machine.	Cut for cellar 5044, 5043.				5084						
5087	A	Fill of 5087	Demolition fill, mixed sand some grey clay mortar, 60mm deep. Some mud mortar.	May be remnants of a Hassal House wall trench. Thought to be RTA but did not contain any modern material.			5088			5088				
5088	A	Cut	Bottom of shallow cut.	Possibly Hassal house front wall.		3.1					5087			
5089	A	Cut	Cut for fill 4806. Modern.		7	7/11/05		4806						
5090	B	Cut	Cut for fill 5055.			8/11/05	3.2 or 4	5055						

Context Number	Area	Context Name	Description	Comments	Date Excavated	Phase Number	Above	Under	Cut By	Fill Of	Contains	Same As	Soil Sample	Pollen Sample
5091	A	Cut	Re-cut around 4914.	Area north of 4914 appears to be recut prior to demolition, maybe to remove bricks.	9/11/05	4 or 5		4805						
5092	B	Fill - postholes	General number for fills of a row of postholes, sw corner of site. Brown site, not excavated.		9/11/05	3.2 or 4	5093							
5093	B	Cut - postholes	General number for cuts for postholes.		9/11/05	3.2 or 4		5092						
5094	A	Cut	Original cut for 4914 (structure).		9/11/05	3.2 or 4								
5095	A	Deposit	Surface of 5096. Surface on deposit of sand sloping down towards structure 4914 from south edge of cut 5094.	Surface created by dumping of sand (5096).	9/11/05	3.2 or 4	5096							
5096	A	Deposit/Fill	Buff brown sand no finds.		9/11/05	3.2 or 4	5094	5095						
5097	A	Fill - wall trench	Patchy brown sand not excavated.	Goes with 4923. This trench was identified after the excavation using overlays fitting in with wall 4923.	9/11/05	3.2 or 4	5098							
5098	A	Cut	Cut for 5097.			3.2 or 4		5097

**109-113 GEORGE STREET PARRAMATTA ARTEFACT PHOTOS 2006**

Jpeg Nos	Artefact		Details
001-004	Ceramics with transfer printed patterns.	Front row l-r:	"Abbey" plate 5074/36318, "Gothic" saucer 4804/#35437.
		Back row l-r:	Lady Peel poe 5074/#36324, "Nice" plate 5070/#36202.
005-007	Transfer printed and hand-painted ceramics.	Front row l-r:	Gothic saucer 4804/#35437, child's mug 5074/#36320.
		Back row l-r:	"Black Forest" saucer 5000/#36014, gilt white glazed jug 5067/#35675.
8	Chinese ceramics.	Left:	ginger jar 5067/#35679.
		Front:	ginger jar lid 5074/#36370.
		Back:	jar lid 4844/#36350.
9	Selection of Marbles.	Front row l-r:	hand-made glass 4894/#26844, hand-made terracotta "Clays" 4801/#26783; painted porcelain "China Alleys" one floral 5059/#26883, two linear 4844/#26832.
		Back row l-r:	group of five different sized machine-rolled "Clays" 5000/#26861, #26860, #26859, #26858, #26857.
010-012	Personal grooming and hygiene artefacts.	Left front to back:	bone toothbrushes 4844/#26831, 5017/#26867, 5074/#26900; wooden brush head 5077/#26902.
		Right front to back:	bone brushes of same set: large face 5000/26855, small showing two-part construction, back and face 5017/#26868.
		Rear:	Vulcanite comb with copper alloy head cover 5074/#26893.

013-015	Variety of Miscellaneous personal, household and economic artefacts.	Front row l-r:	for women's health and contraception- bone pessary ring 4912/#26845; buttons from clothing- bone 4-hole 5068/#26889, bone 3-hole 4801/#26777, brass 4-hole trouser 5032/#26874, porcelain 4-hole 5000/#26852.
		Second row l-r:	sewing pin 5032/#26873; acrylic cake candle holder 4801/#26787; copper alloy belt or shoe buckle 4844/#26837; glass spectacle lens 5074/#26894.
		Third row:	gilt copper alloy purse frame 4827/#26815.
		Back row l-r:	Coins- 1804-1811 (Bank of England Dollar) silver Crown 4844/#26836, 1875 English half penny 4801/#26779.
16	Examples of footwear.	Left to right:	Vulcanised rubber heel with iron screws from a man's work shoe/boot 4806/#26808; upper fragments from a woman's kid-leather lace-up shoe 4806/#26802.
17	Range of clay pipe fragments.	Front row l-r:	plain briar-type pipes 5074/#26896, #26895.
		Second row:	honey-glazed thickened mouthpiece 5000/#26850
		Third row l-r:	simple marked mouthpiece by Duncan McDougall, Glasgow 4843/#26826; British-made pipe stem marked for tobacco retailer Thomas Saywell, Sydney 4843/#26825.
		Fourth row l-r:	marked leaf-decorated stem and "M/P" marked spur by the unidentified "M. P. P." maker 4835/#26816, marked stem by Joseph Elliott, Market St Wharf, Sydney 4804/#26793.
		Back row l-r:	cream bowl with stem leaf decoration and "I/M" marked spur probably by John Mortimer, Sydney 4801/#26785; plain bowl with "I/[F?]" marked spur probably by John Ford, London 4805/#26796; William Cluer (Sydney) over-trimmed bowl with "W/C" marked spur 5015/#26864.
18	Detail of pipe fragments made or sold in Sydney.	Front to back:	British-made pipe stem marked for tobacco retailer Thomas Saywell, Sydney 4843/#26825; marked stem by Joseph Elliott, Market St Wharf, Sydney 4804/#26793; William Cluer (Sydney) over-trimmed bowl with "W/C" marked spur 5015/#26864.
019-020	Selection of cutlery.	Front:	2-prong meat fork with bone handle over whittle tang 4815/#26810.
		Second row l-r:	George III fiddle pattern, silver condiment spoon made in London 5000/#26856; 3-prong fork 5017/#26869.
		Third row l-r:	knife handles with horn or antler scales on thick scale/flat tangs- slightly tapered 5039/#26880, pistol grip 4844/#26838.
		Back:	slightly tapered ivory handle for fork/knife with whittle tang 5062/#26885.
021-029	"Italian" pattern plate.	4804/#35435.	
030-034	Salt and Bristol Glazed Stoneware.	Front row l-r:	stout bottles 4802/35620, 4802/#35621; blacking bottle 5067/#35681; jar 5067/#35684, ginger beer bottle 5067/#35680.
		Back row l-r:	jar 4802/#35622; penny ink 4801/#35618; ink bottle 5067/#35683; blacking bottle 5067/#35682.
035-036	Ceramics with transfer printed patterns.	Left:	"Italian scenery" washbasin 4844/#35953.
		Front:	"Rhine" vegetable dish 5074/#36297.
		Back:	"Italian" plate 4804/#35435.
		Right:	"Lady Peel" poe 5074/#36324.
037-040	Ceramics with transfer printed patterns & jar lids.	Front row l-r:	potatum lids "West India" 5074/#36317, "Price's" 4844/#35950; Chinese jar lid 4844/36350.
		Back row l-r:	"Italian" scenery washbasin 4844/#35953, "Lady Peel" poe 5074/#36324.
042-045	Potatum lids detail.	Left to right:	West India 5074/#36317, "Price's" 4844/#35950.

46	Selection of beverage glass bottles from context 5067.	Left to right:	Burke's Schiedamm schnapps from Holland #30601, Tooheys Sydney beer #30600, Tooths & Co Ltd beer from the Kent Brewery Sydney #30594, coffee/chicory essence #30615, Dinnerford's magnesia from England #30595.
047-049	Range of glass bottles from context 5067.	Front row l-r:	blue ink #30607, clear gin/spirits #30604, small green #30597.
		Second front row l-r:	green ink #30608; five clear gin/spirits: (one of three) #30602, with embossed "C" on base #30605, (two) #30602, with embossed "W" on base #30603.
		Third front row l-r:	small champagne #30609, blue W.J. Brady & Sons medicinal #30596, brown Warner's safe cure #30598, clear with embossed "THE NUGGET/K" on shoulder #30613.
		Back row l-r:	Burke's Schiedamm schnapps from Holland #30601, Tooheys Sydney beer #30600, Tooths & Co Ltd beer from the Kent Brewery Sydney #30594, coffee/chicory essence #30615, Dinnerford's magnesia from England #30595.
50	Clerical artefacts	Front row l-r:	slate pencils 5000/#26853; slate boards one with ruled lines 4843/#26623.
		Back row l-r:	ink bottles 5067/#30608, #30607.
51	Horse equipage	Left to right:	large and small horseshoes 4844/#26934, 5039/#26975; half of Filet Baucher half cheek bit 4803/#26906.
52	Horse equipage	Front row l-r:	large and small horseshoes 4844/#26934, 5039/#26975.
		Back:	half of Filet Baucher half cheek bit 4803/#26906.
053-054	Selection of tools:	Front row l-r:	corer 5039/#26977, pickaxe head 5000/#26948.
		Back:	spade head 4954/#26947.
055-059	Selection of household and architectural artefacts:	Front row l-r:	lighting taper holder 5074/#27003; wooden fence picket 4801/#27039; brass gas/kerolamp collar 4843/#26933; padlock 5074/#26997; window latch 4827/#26929; grate 5074/#26996.
		Centre second row l-r:	machine wrought spike 5017/#26953; iron door escutcheon 5017/#26956.
		Back:	door hinge strap 5000/#26982.
060-062	Paving bricks and tiles from above the dairy drain (5039) and cellar fill (4802).	Front row l-r:	dairy tiles: with little wear and some of grout #27087, clay composition in section #27086, with foot/hof and water wear #27084.
		Back row l-r:	dairy paving brick showing foot/hof and water wear to right #27082; cellar paving brick showing foot/hof wear #27061.
62	Raking light clearly shows water wear channels on right tile.		
63	Reused brick and painted render and set from the cellar fill (4802)	Front row l-r:	light brown mortar with cream on light blue on cream painted set #27026; light grey-brown mortar with pink on white painted set #27025.
		Back:	half brick with light brown mortar above grey clay or whitewash #27064.
064-070	Brick and dressed stone with mortar from the dairy wall and above the drain	Front:	dressed fine-grained sandstone showing tool marks and light grey-brown mortar 5039/#27054.
		Back:	brick from wall with light brown mortar 5037/#27103.
071-072	Painted render and set fragments from the robbed wall trenches of the eastern building (4912)	Left:	grey soft mortar with two layers of salmon on white painted set front piece showing reverse #27035.
		Right:	light yellow-brown mortar directly painted with white on salmon pink on white #27033.
73	Household items used in cooking.	Left to right:	pot hook from chimney crane 4822/#26925; smaller of two frypans 4827/#27016.

74	Household items used in cooking.	Left to right:	saucepan 4827/#26928; pot hook from chimney crane 4822/#26925; smaller of two frypans 4827/#27016.
75	Lead glazed ware toiletries	Front:	bowl body/base 4801/#35641.
		Back row l-r:	poe rim 4837/#35659; poe rim/handle 4801/#35640.
76	Lead glazed ware toiletries	left to right:	bowl body/base 4801/#35641; poe rim 4837/#35659; poe rim/handle 4801/#35640.
77-078	Lead glazed ware milkpans and crock rims	Left to right:	pan 4927/#35667; crock 4844/#36459; pan from joined fragments 4818/#36453, 4826/#35657, 4910/#35666.
79-080	Lead glazed ware poe and crock rim profiles	Left to right:	poe 4844/#36460; crock 4844/#36459.
81	Lead glazed ware poe and crock rims	Left to right:	poe 4844/#36460; crock 4844/#36459.
82-083	Lead glazed ware poe and crock rims interiors showing glazing	Left to right:	poe 4844/#36460; crock 4844/#36459.
84	Lead glazed ware poe and crock rims exteriors showing glazing	Left to right:	poe 4844/#36460; crock 4844/#36459.
85	Lead glazed ware poe and crock rims	Left to right:	poe 4844/#36460; crock 4844/#36459.
86-087	Lead glazed ware milkpans and crock rims	Left to right:	pan 4927/#35667; crock 4844/#36459; pan from joined fragments 4818/#36453, 4826/#35657, 4910/#35666.
88	Lead glazed ware knobs	Left to right:	small on lid 4837/#35660; large 5000/#36465.
89	Lead glazed ware handles	Left to right:	crock lug handles 4815/#36449.
90-091	Lead glazed ware jar showing variety of glaze	Left to right:	jar 4805/#35649.
92-093	Lead glazed ware milkpans and basin/bowl rims	Left to right:	pan from joined fragments 4818/#36453 ; basin/bowl 4826/#35657, 4910/#35666; pan 4818/#36451.
94-095	Lead glazed ware containers	Left to right:	possible jug 5000/#36464; jar/pot 4823/#35655.

## **Pollen and Soil Samples**

<b>109 George Street, Parramatta</b>			<b>Samples Analysed in Section 8.4</b>
<b>Number</b>	<b>Area</b>	<b>Context No.</b>	<b>Description</b>
5	A	4803	Fill of Pit
3	B	4819	Base fill of Pit 4820
